OMB CIRCULAR A-21 - COST PRINCIPLES FOR EDUCATIONAL INSTITUTIONS

This circular establishes principles for determining costs applicable to grants, contracts, and other agreements with educational institutions. The principles deal with the subject of cost determination, and make no attempt to identify the circumstances or dictate the extent of agency and institutional participation in the financing of a particular project. The principles are designed to provide that the Federal Government bear its fair share of total costs, determined in accordance with generally accepted accounting principles, except where restricted or prohibited by law.

OMB CIRCULAR A-87 - COST PRINCIPLES

This circular establishes principles and standards for determining costs for Federal awards carried out through grants, cost reimbursement contracts, and other agreements with State and local governments and federally-recognized Indian tribal governments (governmental units). The principles are for determining allowable costs only. They are not intended to identify the circumstances or to dictate the extent of Federal and governmental unit participation in the financing of a particular Federal award.

OMB CIRCULAR A-122 - COST PRINCIPLES FOR NON-PROFIT ORGANIZATIONS

This circular establishes principles for determining costs of grants, contracts, and other agreements with non-profit organizations. The principles are designed to provide that the Federal Government bear its fair share of costs except where restricted or prohibited by law. The principles do not attempt to prescribe the extent of cost sharing or matching on grants, contracts, or other agreements. Provision for profit or other increment above cost is outside the scope of this Circular.

OMB CIRCULAR A-133 - AUDIT REQUIREMENTS OF STATES, LOCAL GOVERNMENTS AND NON-PROFIT ORGANIZATIONS

This circular establishes uniform audit requirements for non-Federal entities that administer Federal awards and implements the Single Audit Act Amendments of 1996. One of the significant revisions is that the threshold for when an entity is required to have an audit is raised from \$25,000 to \$300,000.

HOW TO COMPLETE YOUR APPLICATION FOR FEDERAL ASSISTANCE

(Standard Form 424)

Based on the inquiries we frequently receive, we have developed the following information to augment the instructions in the "Application for Federal assistance" (Standard Form 424). Reading this information in conjunction with the instructions on the application form will speed up the preparation of your application and will reduce our processing time on your application. The grant award will contain **Terms and Conditions** that you should read very carefully. In addition, you should familiarize yourself with the applicable EPA regulations. If your application amount is \$100,000 or less, please refer to the Small Grants Policy (pg. 45) for streamlined procedures.

Following are items requiring special attention in the preparation of your application:

- (1) the "Application for Federal Assistance" (Standard Form 424) face page with accompanying instructions;
- (2) the Narrative Description of the Program/Project;
- (3) the "Budget Information - Non-Construction Programs" (Standard Form 424A with accompanying instructions); and
- (4) the "Assurances - Non-Construction Programs" (Standard Form 424B). The authorized certifying official **must** sign and date the reverse side of the "Assurances - Non-Construction Programs".

PART I, Application for Federal Assistance (SF-424)

Item 5: If the name and telephone number of the person to be contacted for matters involving this application" are different from the Project Manager's, i.e., the person who will be our contact for technical matters if the application is funded, please provide the name, title, address and telephone number of the Project Manager on the key contact list.

In addition, for other than State, local government and Indian Tribe grants, please submit a biographical sketch of the Project Manager incorporating information on education, background, and other qualifying experience for the project. Also list the name and training or discipline of other key personnel engaged in the project. Identify other projects in which the Project Manager is engaged and the amount of time he or she devotes to each. Provide a summary of employment, including contracts and consultancies for the present and for the past two years for the Project Manager and each of the key

personnel.

Grant applicants are required to provide a Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number when applying for Federal grants or cooperative agreements on or after October 1, 2003.

The Office of Management and Budget (OMB) has determined that there is a need for improved statistical reporting of Federal grants and cooperative agreements. Use of the DUNS number government-wide will provide a means to identify entities receiving awards and their business relationships. The DUNS number will be used for tracking purposes, and to validate address and point of contact information. It will supplement other identifiers required by statute or regulation, such as tax identification numbers.

Organizations can receive a DUNS number in one day, at no cost, by calling the dedicated toll-free DUNS Number request line at 1-866-705-5711. Business hours are from 8:00 a.m. to 6:00 p.m. (local time of the caller when calling from within the continental United States). The process to request number takes about 5-10 minutes. A DUNS number will be assigned at the end of the call. You will need to provide the following information:

- Legal Name
- Headquarters name and address for your organization
- Doing business as (DBA) or other name by which your organization is commonly known or recognized
- Physical Address, City, State and Zip Code
- Mailing Address (if separate from Headquarters and/or physical address)
- Telephone Number
- Contact Name and Title
- Number of Employees at your physical location

Individuals who would personally receive a grant or cooperative agreement award from the Federal government apart from any business or nonprofit organization they may operate are exempt from this requirement. The website where an organization can obtain a DUNS number is: <http://www.dnb.com>. This takes 30 business days and there is no cost unless the organization requests expedited (1-day) processing, which includes a fee of \$40.

Item 9: Please insert the name, if applicable, of the EPA person(s) from whom you have received preapplication assistance. This information assists us in routing your application to the appropriate EPA office for review.

Item 10: Insert the Catalog of Federal Domestic Assistance Number and Title. This catalog is available at local libraries and contains information regarding federal grant programs. EPA grants begin at 66.001 in this catalog (<http://www.epa.gov/ogd/grants.htm>).

- Item 11: A brief description of the proposed project or program for which assistance is requested [A detailed description of the program/project is also required to be submitted with the Application for Federal Assistance and is discussed further in these instructions under **DESCRIPTION OF THE PROGRAM/PROJECT.**]
- Item 13: The "Start Date" and "Ending Date" should reflect the amount of time that will be required to complete the entire scope of work in your application, i.e., the project/budget period. The start date should be at least sixty days succeeding the submittal date of the final application package to allow time for review and processing.
- Item 14: List the specific congressional district(s) or Statewide if project effects the entire State.
- Item 15: The amounts under "Estimated Funding" are the amounts required, or to be contributed, during the budget and project periods.
- Item 16: State Executive Order 12372 process Intergovernmental review. This item must be completed in order to be considered for assistance with EPA. (See attachment for explanation of Executive Order 12372 on page 30)
- Item 18: The Name, Title and Telephone Number of the Authorized Representative, i.e., the person or entity who has authority to execute the Agreement on behalf of the applicant.

If EPA awards a grant or cooperative agreement pursuant to your application, we will mail the official copies of the award agreement to the authorized representative listed in Item 18.

General Instructions

This form is designed so that application can be made for funds from one or more grant programs. In preparing the budget, adhere to any existing Federal grantor agency guidelines which prescribe how and whether budgeted amounts should be separately shown for different functions or activities within the program. For some programs, grantor agencies may require budgets to be separately shown by function or activity. For other programs, grantor agencies may require a breakdown by function or activity. Sections A, B, C, and D should include budget estimates for the whole project except when applying for assistance which requires Federal authorization in annual or other funding period increments. In the latter case, Sections A, B, C, and D should provide the budget for the first budget period (usually a year) and Section E should present the need for Federal assistance in the subsequent budget periods. All applications should contain a breakdown by the object class categories shown in Lines a-k of Section B.

Section A. Budget Summary Lines 1-4 Columns (a) and (b)

For applications pertaining to a *single* Federal grant program (Federal Domestic Assistance Catalog number) and *not requiring* a functional or activity breakdown, enter on Line 1 under Column (a) the Catalog program title and the Catalog number in Column (b).

For applications pertaining to a *single* program *requiring* budget amounts by multiple functions or activities, enter the name of each activity or function on each line in Column (a), and enter the Catalog number in Column (b). For applications pertaining to multiple programs where none of the programs require a breakdown by function or activity, enter the Catalog program title on each line in Column (a) and the respective Catalog number on each line in Column (b).

For applications pertaining to *multiple* programs where one or more programs *require* a breakdown by function or activity, prepare a separate sheet for each program requiring the breakdown. Additional sheets should be used when one form does not provide adequate space for all breakdown of data required. However, when more than one sheet is used, the first page should provide the summary totals by programs.

Lines 1-4, Columns (c) through (g)

For *new* applications, leave Column (c) and (d) blank. For each line entry in Columns (a) and (b), enter in Columns (e), (f), and (g) the appropriate amounts of funds needed to support the project for the first funding period (usually a year).

For *continuing grant program applications*, submit these forms before the end of each funding period as required by the grantor agency. Enter in Columns (c) and (d) the estimated amounts of funds which will remain unobligated at the end of the grant funding period only if the Federal grantor agency instructions provide for this. Otherwise, leave these columns blank. Enter in columns (e) and (f) the amounts of funds needed for the upcoming period. The amount(s) in Column (g) should be the sum of amounts in Columns (e) and (f).

For *supplemental grants and changes* to existing grants, do not use Columns (c) and (d). Enter in Column (e) the amount of the increase or decrease of Federal funds and enter in Column (f) the amount of the increase or decrease of non-Federal funds. In Column (g) enter the new total budgeted amount (Federal and non-Federal) which includes the total previous authorized budgeted amounts plus or minus, as appropriate, the amounts shown in Columns (e) and (f). The amount(s) in Column (g) should not equal the sum of amounts in Columns (e) and (f).

Line 5 - Show the totals for all columns used.

Section B Budget Categories

In the column headings (1) through (4), enter the titles of the same programs, functions, and activities shown on Lines 1-4, Column (a), Section A. When additional sheets are prepared for Section A, provide similar column headings on each sheet. Line 6a-i - Show the totals of Lines 6a to 6h in each column.

Line 6j - Show the amount of indirect cost.

Line 6k - Enter the total of amounts on Lines 6i and 6j. For all applications for new grants and continuation grants the total amount in column (5), Line 6k, should be the same as the total amount shown in Section A, Column (g), Line 5. For supplemental grants and changes to grants, the total amount of the increase or decrease as shown in Columns (1)-(4), Line 6k should be the same as the sum of the amounts in Section A, Columns (e) and (f) on Line 5.

Line 7 - Enter the estimated amount of income, if any, expected to be generated from this project. Do not add or subtract this amount from the total project amount. Show under the program

PAYMENTS UNDER ASSISTANCE AGREEMENTS

If you are awarded a grant from the U.S. EPA you may specify the method you wish to use for requesting payments (check the appropriate box from the list below). However, EPA makes the final determination on the payment method and this decision will be reflected in the award document. Payments will be disbursed to you via one of two electronic payment mechanisms available to U.S. EPA recipients: Automated Standard Application for Payments (ASAP), or Electronic Funds Transfer (EFT). Under certain circumstances, payments may be disbursed by Treasury check (see below). There are three payment methods: Advance, Working Capital Advance, and Reimbursement. Brief descriptions of the payment methods and payment mechanisms are provided below.

A. PAYMENT METHODS

Advance (**Not available for Superfund Cooperative Agreements or Superfund Technical Assistance Grants (TAGs)**)

EPA may pay you by the advance payment method. For those agreements awarded in the amount of \$5,000 and less, you may receive up to 80% of the Federal funds awarded in the first payment request, the remaining 20% will be withheld until submittal of the final report/product and the final Financial Status Report (FSR). For those agreements above \$5,000, you may receive quarterly advances for work during a particular quarter, up to a maximum of 80% of the Federal funds awarded; again, the remaining 20% will be withheld until submission of the final report/product and the final FSR. If the withholding of the 20% will present a hardship, you may request EPA to make an exception.

Working Capital Advance (**Not available for Superfund Technical Assistance Grants (TAGs)**)

If EPA determines that you lack sufficient working capital, cash may be provided by a working capital advance. The advance covers the first funding period (30 days); thereafter, funds are disbursed on a reimbursement basis.

Reimbursement

If you do not receive advance payments, EPA will pay you by Reimbursement. When you are paid by this method, you will be reimbursed for the federal share of costs which you have disbursed. **(Note: new recipients of Superfund Technical Assistance Grants (TAGs) may receive a one-time \$5,000 advance, for certain eligible activities, as described in 40 CFR §35.4090 and §35.4095)**

B. PAYMENT MECHANISMS

Automated Standard Application for Payments (ASAP)

ASAP is an automated drawdown system sponsored by the U.S. Department of the Treasury. Recipients must enroll with Treasury. If you would like additional information concerning ASAP, please contact the EPA, Region 2, Financial Management Office, at (212) 637-3456, or visit www.fms.treas.gov/asap.

Under this payment mechanism, the recipient initiates, via ASAP, an electronic or voice-activated telephone payment request which is approved or rejected based on the amount of available funds authorized by EPA in the recipient's account. Approved funds are credited to the recipient organization at the financial institution identified on the recipient's ASAP enrollment application.

INTERGOVERNMENTAL REVIEW INSTRUCTIONS FOR NEW YORK and NEW JERSEY APPLICANTS

Due to the elimination of the State Clearinghouse function in the States of New York and New Jersey, it is now necessary for each applicant for EPA Region 2 funding that impacts New York or New Jersey to submit their application to the relevant State, County, and Areawide reviewing agencies.

A list of these agencies, along with their addresses, is enclosed. At a minimum, your application should be submitted to the listed agency in your county and other counties impacted. Projects that impact New Jersey must also be submitted to the New Jersey Department of Environmental Protection. Instructions

General

Recipients of Federal financial assistance from the U.S. Environmental Protection Agency must comply with the following statutes.

Title VI of the Civil Rights Acts of 1964 provides that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The Act goes on to explain that the title shall not be construed to authorize action with respect to any employment practice of any employer, employment agency, or labor organization (except where the primary objective of the Federal financial assistance is to provide employment).

Section 13 of the 1972 Amendments to the Federal Water Pollution Control Act provides that no person in the United States shall on the ground of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under the Federal Water Pollution Control Act, as amended. Employment discrimination on the basis of sex is prohibited in all such programs or activities.

Section 504 of The Rehabilitation Act of 1973 provides that no otherwise qualified handicapped individual shall solely by reason of handicap be excluded from participation in, be denied the benefit of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. Employment discrimination on the basis of handicap is prohibited in all such programs or activities.

The Age Discrimination Act of 1975 provides that no person on the basis of age shall be excluded from participation under any program or activity receiving Federal financial assistance. Employment discrimination is not covered. Age discrimination in employment is prohibited by the Age Discrimination in Employment Act administered by the Equal Employment Opportunity Commission.

Title IX of the Education Amendments of 1972 provides that no person on the basis of sex shall be excluded from participation in, be denied the benefit of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance. Employment discrimination on the basis of sex is prohibited in all such education programs or activities. Note: an

education program or activity is not limited to only those conducted by a formal institution.

The information on this form is required to enable the U.S. Environmental Protection Agency to determine whether applicants and prospective recipients are developing projects, programs and activities on a nondiscriminatory basis as required by the above statutes.

Submit this form with the original and required copies of applications, requests for extensions, requests for increase of funds, etc. Updates of information are all that are required after the initial application submission.

If any item is not relevant to the project for which assistance is requested, write "NA" for "Not Applicable."

In the event applicant is uncertain about how to answer certain questions, EPA program officials should be contacted for clarification.

- VII. This information is required so that reviewers may determine if a disparity in the proposed provision of services will exist in the event the application is approved for funding. Give population of recipient's jurisdiction, broken out by categories as specified.

In the event the applicant cannot provide the requested information because the funds will be distributed over a wide demographic area which is yet to be determined, an explanation may be provided on a separate sheet. U.S. ENVIRONMENTAL PROTECTION AGENCY (EPA)
SMALL GRANTS GUIDANCE

INTRODUCTION

The EPA is pleased to announce the *Implementation Order to Streamline Small Grants*, otherwise known as the *Small Grants Policy*. EPA's philosophy guiding the Small Grants initiative incorporates a new set of principles designed to reinvent the grants process for small awards to promote efficiency and enhance customer satisfaction. The Small Grants Policy advances Vice President Gore's re-invention efforts to reduce administrative burdens on the grant recipient and on EPA. This guidance is intended for use by EPA Assistance Recipients and outlines the purpose, goals and general procedures for Small Grants.

BACKGROUND

Small grants account for about 50% of new project grant awards at EPA, but less than 5% of assistance dollars. As a result EPA recognized the need to streamline the Agency's processes for Small Grants. The policy was finalized and signed on September 1, 1998.

WHEN DOES THE POLICY BECOME EFFECTIVE?

The Small Grants Policy becomes effective for new grants awarded on or after October 1, 1998.

SCOPE AND PURPOSE OF THE SMALL GRANTS POLICY

The purpose of the Small Grants Policy is to simplify and improve administration of small grants without compromising accountability.

WHAT IS A SMALL GRANT?

A small grant is defined as a grant or cooperative agreement with a dollar value not exceeding \$100,000 in federal funds; budget and project periods are of the same duration; and the projects are fully funded at the time of award.

DOES THE SMALL GRANTS POLICY COMPROMISE ACCOUNTABILITY?

Does not change EPA's regulatory or statutory requirements.

Does not compromise EPA's fiduciary and stewardship responsibility.

Allows more time and resources to be focused on technical assistance to grantees, post-award monitoring and promoting partnerships.

Similar to all grants and cooperative agreements, small grants are subject to audit at any time.

WHAT ARE THE ADVANTAGES OF THE SMALL GRANTS POLICY?

Recipients submit only the original and one copy of the application.

Narrative/Workplan does not have to exceed five pages.

Recipients submit budget detail only at the Object Class level.

Recipients retain indirect cost rate documentation (recipients without negotiated indirect cost rates merely need to retain documentation on file).

EPA fully funds project at the time of award.

Redundant administrative Terms and Conditions will be eliminated from the Assistance Agreement.

EPA's Assistance Agreement is reduced to approximately 4 pages.

Recipients with awards of \$5,000 or less may receive up to 80% of the award in advance.

Recipients subject to 40 CFR Part 30 can submit annual MBE/WBE Reports.

Recipients subject to 40 CFR Part 30 can incur pre-award costs up to 90 days without EPA approval.

Recipients submit only the original and no more than two copies of the Final Report.

WHAT RECIPIENTS ARE SUBJECT TO THE SMALL GRANTS POLICY?

The Small Grants Policy applies to Institutions of Higher Learning, Hospitals and other Non-profit Organizations, State, Local and Tribal Governments.

ARE ANY ASSISTANCE PROGRAMS EXEMPT FROM THE SMALL GRANTS POLICY?

Small Grants Policy excludes Performance Partnership Grants, Fellowship Grants, Loans, the Senior Environmental Employment (SEE) Program Cooperative Agreements, Environmental Program Grants to State, Interstate and Local Agencies, Construction Grants, Superfund Cooperative Agreements awarded under 40 CFR Part 35, Subpart O, and the State Revolving Fund Program Capitalization Grants.

HOW MUCH MONEY MAY BE REQUESTED, AND ARE MATCHING FUNDS REQUIRED?

The ceiling for any one grant is \$100,000 in EPA funds. There is no minimum dollar award request established. Applicants are not required to provide matching funds unless law, statute, regulations, Executive Order or Official Agency Policy state otherwise.

ARE SMALL GRANT RECIPIENTS SUBJECT TO EPA'S REGULATORY OR STATUTORY REQUIREMENTS?

The Small Grants Policy does not relieve recipients from complying with any statute or regulation.

WHAT ARE THE APPLICATION REQUIREMENTS FOR A SMALL GRANT?

Applicants requesting \$100,000 or less in funding from EPA must provide the following:

1. Application for Federal Assistance (SF-424), the official form required for all federal grants that requests basic information about the grantee and the proposed project. The applicant should submit the original application and one copy (unless otherwise required by grant regulations), signed by a person duly authorized by the governing board of the applicant.
2. The Federal Standard Form (SF-424A), which provides information on your budget. ***For the purposes of the Small Grants program, complete only Item Number 6 of SF-424-A dividing your budget into categories such as personnel, salaries/fringe benefits, travel, equipment, supplies contractual costs, other.***
3. Narrative/workplan of the proposal, in most cases, should not exceed five pages in length. A narrative/work plan is one of the most important aspects of your application for a Small Grant and will be used as the primary basis for selection. The workplan serves as the performance commitment and should describe as accurately and concisely as possible: 1) a summary of specific objectives, expected outcomes, outputs and deliverables; and 2) a discussion of the budget and how the budget relates to the objectives, outcomes and deliverables. The workplan may include a chronological schedule of accomplishments, progress, and milestones that are anticipated over the project's duration.
4. Resumes and biographical information should not exceed an additional two pages.
5. The necessary signed forms such as the Certification Regarding Debarment, Suspension and Other Responsibility Matters, EPA Form 4700-4 Preaward Compliance Review Report and Assurance of Non-Construction Programs Certification.

6. Applicants must identify the entire grant amount requested at the time of application submittal.

AWARDING GRANTS TO ENTITIES WHICH SUE THE AGENCY**

CONCERN

A recent newspaper article focused on the Agency's grants to non-profits who lobby Congress and sue the Agency. Members of Congress also expressed concern that recipients may be using assistance funds to supplement litigation costs against the Federal Government.

IMPLICATIONS

- The use of assistance funds to supplement litigation costs against the Federal Government is unallowable for federal funding under Federal Cost Principles found in OMB Circulars A-122, A-87, and A-21.

WHAT RECIPIENTS SHOULD KNOW:

- In accordance with OMB Circulars No. A-122, A-21, and A-87, recipients are not allowed to use grant assistance funds to support suits against the Federal Government.
- Recipients cannot use grant assistance funds to pay the expenses of, or otherwise compensate, non-Federal parties intervening in regulatory or adjudicatory proceedings against the Federal Government.
